Supervisor Romaine said, "Now that the Visioning Report has been completed, we can use it as a reference tool to help achieve the goals and objectives of the Three Village community. I thank the Citizens Advisory Committee for all they have done and look forward to working with them and Councilwoman Cartright to help make their vision a reality along Route 25A."

Councilwoman Cartright said, "Thank you to the Citizens Advisory Committee, to the co-chairs, Jane Taylor and George Hoffman, and to every community member that attended the many meetings I hosted. This is the type of Community Based Planning that is a vital component to gather the information necessary to draft this Visioning. I am excited to sponsor the resolution this Thursday to present the Visioning to my colleagues. Once accepted, we will begin moving forward with a Land Use Plan to shape the future of the 25A Corridor as guided by the community."
